December 12, 2014

Dear; Town Manager, Board of Selectmen & Planning Board;

The public on-site hearing for the Wharves and Weirs application for the Dana & Melissa Whitley wharf project was held as advertised on Friday December 12th at 9 A.M.

Joseph LeBlanc represented the owners and explained the project . The town of Boothbay was represented by Mike Tomacelli (planning board), and I.

There does not seem to be any effect of diminished or restricted ingress or egress by riparian owners. There is no evidence that this project will cause injury to others that use the area in Back River/Lewis Cove.

I have received no objections oral or written to this project. This project will NOT interfere with navigation in Back River/Lewis Cove.

I see no problems with this proposed pier project as submitted by Dana & Melissa Whitley.

Respectfully submitted,

Peter B. Ripley

Harbor Master
