

To: Boothbay Planning Board
From: Mark Eyerman
Subject: Revised Draft – Section 7
Date: January 3, 2019

Attached is a revised draft of Section 7. Here is an overview of the major changes in this version:

1. I incorporated the edits we discussed at the last meeting.
2. I remove the references to minimum building height in all of the districts since we deleted the requirements for this in the only places this standard applied.
3. I added a reference to the applicability of the SO District in those areas where that applies.
4. I added the Bigelow contract zone.
5. I inserted the Shoreland timber harvesting requirements into the SO District and numbered them appropriately (I hope).
6. I revised the references to generic shoreland zones in a few places to refer to the Boothbay districts
7. I went through and cleaned up typos and tried to double check section-by-section but I have probably missed some things.

So if we resolve the timber harvesting standards and the handling of botanical gardens this should be in good shape except for a final edit and formatting.
