Subject: Section 8

Date: October 4, 2019

Attached is an updated draft of Section 8. We should try to finalize this at next week's meeting. Here are the sections we need to look at – the headings are highlighted in yellow in the revised draft:

- 8.2.4.2 Emergency Vehicle Access – waiting for feedback from the fire chief
- 8.2.4.3 Termination of Roads – also waiting for feedback from the fire chief
- 8.3.2.3 Electrical Service – discussed deleting it but waiting for feedback from Jason
- 8.3.7 Sanitation – see my earlier memo relative to the state requirements – postponed discussion until Jason is present
- 8.3.8.8, 8.3.8.9 and 8.3.9.10 – revised provisions dealing with signs – electronic changeable display signs, illumination, and materials. These build off our discussion at the last meeting.
