Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. NOTE 1 - NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities

The Boothbay Region Ambulance Service, Inc. (BRAS) is a nonprofit corporation organized without capital stock under the general laws of the State of Maine. BRAS provides ambulance services, staffed by qualified emergency medical technicians and paramedics, to the residents of and visitors to the Boothbay Harbor Region of Maine regardless of patients' ability to pay for such services.

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with generally accepted accounting principles. Under the accrual method of accounting, revenues are recorded when earned rather than when received or billed, and expenses are recorded when incurred rather than when paid.

Basis of Presentation

The financial statements have been prepared in accordance with generally accepted accounting principles. Under these standards, the Boothbay Region Ambulance Service, Inc., is required to report information pertaining to its financial position and activities according to two classes of net assets as follows:

<u>Net Assets Without Donor Restrictions:</u> - Net assets without donor-imposed stipulations. Designated net assets are net assets without donor-imposed stipulations that are subject to internal restrictions imposed by the Board of Trustees.

Net Assets With Donor Restrictions – Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of Boothbay Region Ambulance Service or by the passage of time. Other donor restrictions are perpetual in nature, where by the donor has stipulated the funds be maintained in perpetuity. Donor restricted contributions are reported as increased in net assets with donor restrictions. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the statement of activities.

Accounting for Uncertainty in Income Taxes

Management has evaluated the Boothbay Region Ambulance Service, Inc.'s tax positions and concluded that as of June 30, 2019, BRAS does not believe that it has taken any tax positions that would require the recording of any additional tax liabilities, nor does it believe that there are any unrealized tax benefits that would either increase or decrease within the next twelve months. Any interest or penalties assessed to BRAS are recorded in operating expenses. BRAS is currently open to audit under the statute of limitations by the Internal Revenue Service and state taxing authorities for the years ending June 30, 2016 through 2019.

Property and Equipment

Property and equipment are stated at cost. Expenditures for routine maintenance, repairs, and renewals are charged against income when incurred. Purchases of property and equipment in excess of \$5,000 are capitalized. Upon routine sale or retirement of assets, the cost and related accumulated depreciation are eliminated from the respective accounts, and the resulting gain or loss, if any, is included in the statement of activities.

NOTE 1 - NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Property and Equipment-Continued

The provision for depreciation has been computed using the straight-line method at rates intended to amortize the cost of the related assets over their estimated useful lives, which range from five to forty years.

Contributions

Contributions received are recorded as increases in net assets with donor restrictions or net assets without donor restrictions, depending on the existence and/or nature of any donor restrictions.

Support that is not restricted by the donor is reported as an increase in net assets without donor restrictions. All donor-restricted support is reported as an increase in net assets with restrictions, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are classified to net assets without donor restrictions and reported in the Statements of Activities as net assets released from restrictions.

Statement of Cash Flows

BRAS considers all highly liquid investments purchased with an initial maturity of three months or less to be cash equivalents.

Income Tax Status

BRAS is a not-for-profit organization that is exempt from income taxes under Section 501 (c) (3) of the Internal Revenue Code. BRAS has also been classified as an entity that is not a private foundation within the meaning of Section 509 (a) and qualifies for deductible contributions as provided in Section 170 (b) (1) (A) (vi).

Use of Estimates

The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Functional Expenses

The costs of providing program and other activities have been summarized on a functional basis in the statements of activities. Accordingly, certain costs have been allocated amongst Program Expenses, as well as Admin and Fundraising functions that support the Program. Such allocations are determined by management on an equitable basis.

NOTE 1 - NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Functional Expenses - Continued

The expenses that are allocated include the following:

<u>Expense</u>	Method of Allocation
Personnel costs Professional fees	Time and effort Cost/use
Supplies Occupancy	Cost/use Square footage
Depreciation Building maintenance	Square footage Square footage
Insurance Other	Cost/use Time and effort

Reclassifications

Certain accounts in the prior-year financial statements have been reclassified for comparative purposes to conform with the presentation in the current-year financial statements.

Accounts Receivable

Accounts receivable are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a charge to earnings and a credit to valuation allowance based on its assessment of the current status of individual accounts. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to accounts receivable. Changes in the valuation allowance have not been material to the financial statements. The allowance for doubtful accounts as of June 30, 2019 and 2018, was \$132,452 and \$97,935, respectively.

Recent Accounting Pronouncements

Revenue Recognition

In May 2014, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2014-09, *Revenue from Contracts with Customers*, to clarify the principles for recognizing revenue and to develop a common revenue standard for U.S. GAAP and International Financial Reporting Standard (IFRS). The core principle of the guidance requires entities to recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The guidance is effective for all nonpublic entities' annual periods beginning after December 15, 2018. Management is currently evaluating the impact of adoption on its financial statements.

Leases

In February 2016, the FASB issued ASU 2016-02, Leases. This new standard will provide users of the financial statements a more accurate picture of the assets and the long-term financial obligations of companies that lease. The standard is for a dual-model approach; a lessee will account for most existing capital leases as Type A leases, and most existing operating leases as Type B leases. Both will be reported on the statement of financial position of the company for leases with a term exceeding 12

NOTE 1 - NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Leases - Continued

months. Lessors will see some changes, too, largely made to align with the revised lease model. For nonpublic companies, the new leasing standard will apply for fiscal years beginning after December 15, 2020. The standard requires retroactive application to previously issued financial statements for 2019, if presented. Management is currently evaluating the impact of adoption on its financial statements.

Not-for-Profit Entities

In August 2016, the FASB issued ASU 2016-14, *Not-for-Profit Entities: Presentation of Financial Statements of Not-for-Profit Entities*, to amend current reporting requirements to make several improvements including reducing complexities of information presented within Not-for-Profit financial statements. A main provision of this update is that a Not-for-Profit entity will report two classes of net assets (amounts for net assets with donor restrictions and net assets without donor restrictions), rather than the currently required three classes. The guidance is effective for annual periods beginning after December 15, 2017, with early application permitted. This standard requires retroactive application to previously issued financial statements for 2018 and 2017, if presented. Management has adjusted the presentation of these statements accordingly. The ASU has been applied retrospectively to all periods presented.

NOTE 2 - CONCENTRATION OF CREDIT RISK ARISING FROM CASH DEPOSITS IN EXCESS OF INSURED LIMITS

BRAS maintains several accounts at a local bank. Interest bearing accounts at financial institutions are insured by the Federal Deposit Insurance Corporation (FDIC) up to a total amount of \$250,000.

Cash, cash equivalents, and certificates of deposit at this bank exceed the \$250,000 limit from time to time. At June 30, 2019 and 2018, the bank had insured the excess deposits by giving BRAS a security interest in certain bank-owned investments.

NOTE 3- LIQUIDITY AND AVAILABILITY

As of June 30, 2019, The Service had an unrestricted working capital surplus of \$599,498.

Financial assets available for general expenditure within one year of balance sheet date consists of the following:

# THE COMMUNITY CENTER Meadow Mall Boothbay Harbor, Maine

To the Selectmen, Town of Boothbay

A place to learn, a place to meet friends old and new, a place for warmth and a cup of coffee, a place to be Community. This is the Community Center. More than 8700 area residents visited the Community Center in 2018, and we are on track to repeat or exceed that number in 2019. These numbers come from our voluntary sign in book, and we feel the actual number using the Center is even greater, a substantial increase since the Center opened its doors in 2015. Folks are learning new skills, enjoying companionship through Mahjong and cribbage, visiting museums and other places of interest in the area, attending lectures right in the Center and taking classes on a variety of topics. And all of this is offered without charge, a true service to our community and a vital contribution to the health and well being of its citizens.

Since its inception in 2015, the Community Center has added a fiber arts room, a dance/exercise room and dozens of programs of interest to Center users. We have purchased a van to transport people to museums, theater performances and areas of interest. All of our classes and programs are run by dedicated volunteers with just one part time employee. The Center's original modest budget of \$35,000 has now grown to \$80,000. The Community Center is committed to keeping programs free and accessible to everyone.

Our funding comes from three sources...our Annual Appeal (including grants), various fundraisers (including a Kentucky Derby Party in collaboration with the Rotary Club), and support from the towns we serve which are Boothbay, Boothbay Harbor, Edgecomb and Southport. All three sources are critical to the ongoing success of the Center.

With the expansion of our services, we are asking the towns to increase their support as well. We are requesting \$7000 from the Town of Boothbay. This amounts to less than \$2 per year for each resident of Boothbay who uses the Center; in 2018 that number was 3970. We hope you agree with us that the services we provide at no cost are of real value to our citizens and thus our towns. We firmly believe we change lives and save lives every day.

Respectfully submitted,

Sandra Leonard

## Boothbay Harbor Memorial Library Justification for Request of Support from the Town of Boothbay Fiscal Year 2021

**Mission Statement:** It is the mission of the Library to provide multiple opportunities for the residents of the town of Boothbay, Boothbay Harbor, and Edgecomb to have access to written, visual, audio and electronic resources in a welcoming, learning environment.

#### Total # of People Served from the Town of Boothbay:

Last year, the number 1,556 did not include Boothbay's digital library users. This year, 2,418 residents served still only reflects Boothbay residents who have checked out materials in house or online. Most of the services available at BHML do not require a library card (for example, all of our programs, story times, off-site events, Wi-Fi access, tech help, public computers, printing services, and use of the collection within the building.) We provide direct outreach the residents of Boothbay via our work with BRES, summer story times at Harold Clifford Park, pop-up library at the Boothbay Common during farmer's market, and collaborations with the Railway Village. Therefore, we do not view the number of cardholders as reflective of our service to Boothbay residents, except as it defines the Town's borrowing population.

**Short Statement as to why the Library should receive taxpayer money:** "I can't imagine Maine without libraries—and I don't want to. Libraries aren't just the places we borrow books, they are the centers of our communities." ~ Paul Doiron, author.

The library is a free and open public space, and a designated public forum. About half of Maine libraries are a part of their municipalities; and nationwide it is most common for public libraries to be paid for entirely through tax-payer dollars. BHML is an essential resource center for this region's organizations and individuals. We play a key role in the democratic process by pushing out local, state, and federal information to foster informed voters. We are the region's Tax Form Outlet location providing state and federal tax forms.

All residents of Boothbay are entitled to a free library card, connecting them to more than 60 Maine Libraries, digital collections, and museum passes. Residents of Boothbay (who choose not to register for a library card) are able to use library collections in-house, as well as the public computers, access free Wi-Fi, periodicals, and enjoy the various year round community programs we plan or participate in each year. We provide free access to all of our services making the library an essential space for low-income families and individuals.
