# Madelyn L. Ulmer Fund

The Madelyn L. Ulmer Fund was established in 1994 to assist a worthy boy or girl from the Town of Boothbay in completing their High School Education. The Selectmen of Boothbay review applications and awards grants to students who are residents of Boothbay and who have a financial need with respect to their High School Education, whether public, private, or home school settings. Please provide as much information as possible to help the Selectmen make an informed decision on your request. Any financial information will be held confidential.

Dear Boothbay Selectman

My name is Della Hahn and I'm currently a junior at Boothbay Region High School. I have recently received the opportunity to do a semester on a schooner with Sailing Ships of Maine. This is a fall semester program with academics and hands-on learning. The program starts soon on October 19 and ends on December 22, 2020.
https://sailingshipsmaine.org/harvey-gamage

For the two weeks of this program, students will be studying from home in a protected quanitnen. Earning semester credits in math, science, social studies and language arts. Along with academic classes, which will all have strong nautical themes, we will have classes that prepare us for the voyage from Maine to Florida on the Harvey Gamage for the following six weeks. Where we will be joining the professional crew on the Harvey Gamage!

I have been looking forward to this type of program since I was in 3th grade. At that time, in the spring of 2013, my brother, Myron Hahn, participated in a semester at sea. I know I will learn an abundance of valuable skills that will stay with me throughout my life. This program will give me the opportunity to broaden my perspective, work well with others in close-quarters, and participate in a team environment.

I have some previous experiences with sailing, racing Optis and 420 sailboats from the age of 9 to now during spring, summer, and fall seasons at the Boothbay Harbor Yacht Club. I have an interest in learning more about navigation and mapping skills. I'll be able to learn so much through first hand experience on the Harvey Gamage. I'm incredibly grateful that this program has recently become available again.

CENTRAL MAINE POWER COMPANY

APPLICATION FOR POLE LOCATION OR UNDERGROUND LOCATION

In the City/Town of: Boothbay, Maine

To the:
☐ City
☒ Town
☐ County of: Lincoln, Maine

Central Maine Power hereby applies for permission to:

☒ Construct and maintain poles together with attached facilities and appurtenances upon, along or across certain streets and highways in said City/Town as described below.

☐ Construct and maintain buried cables, conduits, manholes and handholes, together with wire and cables, transformers, cutouts, and other equipment therein, under, along, and across certain streets and highways in said City/Town as described below.

Central Maine Power Company and FairPoint New England jointly apply for permission to construct and maintain poles together with attached facilities and appurtenances upon, along or across certain streets and highways in said City/Town as described below.

1. Starting Point: Pole 10

2. Road (State & CMP): Paradise Point Road

3. Direction: Northeasterly

4. Distance: 300 feet

5. Number of Poles: 2

☒ Overhead wires shall have a minimum clearance of 18 feet over the public highway and be constructed to conform with the requirements of the National Electric Safety Code.

☐ Buried cable facilities shall be placed at a minimum depth of 36 inches under pavement and 30 inches elsewhere and be constructed to conform with the requirements of the National Electric Safety Code.

Any person, firm, or corporation to be adversely affected by this proposed location shall file a written objection with the State Department of Transportation, City, Town or County stating the cause of said objection within fourteen (14) days after the publication of this notice or ninety (90) days after installation of facilities without publication.

☐ Public Notice of this application has been given by publishing the text of the same

NORTH
LOCATION PERMIT

Upon the Application of Center Maine Power Company and FairPoint New England, dated Sep 10, 2020, asking for permission, in accordance with law, to construct and maintain poles, buried cables, conduits, and transformers, together with attached facilities and appurtenances over, under, along or across certain highways and public roads in the location described in said application, permission is hereby given to construct, reconstruct, maintain and relocate in substantially the same location, said facilities and appurtenances in the City / Town of Boothbay, approximately located as follows:

1. Starting Point: Pole 10
2. Road (State & CMP): Paradise Point Road
3. Direction: Northeasterly
4. Distance: 300 feet
5. Number of Poles: 2

Facilities shall consist of wood poles and appurtenances with a minimum of wire and cable not less than 18 feet over the public highway and/or buried cables or conduit and appurtenances placed a minimum depth of 36 inches under pavement and 30 inches elsewhere, all in a manner conforming to the National Electric Safety Code.
