

Town of Boothbay 2021 Annual Report

The Grand Opening Ceremony for the new Barter Island Bridge was held on August 2, 2021. Joan Hodgdon and Evelyn Shahan cut the ribbon and a skit was done replicating when the neighborhood children would all run to open the old bridge. Roland McLellan was the first to drive over the new bridge with Stanley Hodgdon as copilot.

In Memory Of

Curtis W. West
07/01/1922 – 10/11/2021

We were saddened to hear of the passing of Curtis West our latest Boston Post Cane recipient at the age of 99.

The New England tradition was started in 1909 by Edwin A. Grozier who was the publisher of the Boston Post. The cane is to be given to the oldest citizen of each of town, (700 towns were given a cane) and it is to be passed on to the next oldest citizen upon their death.

Curtis was very pleased to be presented with the cane as you can see by his smile. We are now searching for a new recipient to have the honor of receiving the cane.

In Memory Of

Estelle M. Appel
03/20/1934 – 09/22/2021

Estelle Appel was raised in Boothbay Harbor, her parents were Clarence “Bub” Townsend and Lucille Bradley Townsend. She married Ronald Appel, Jr. in 1956 and moved to Danvers, MA in 1960 where they raised their family. Estelle and Ron moved back to Boothbay in 1977, building their home on Townsend family property. Estelle was known for her love of public service, especially for her involvement in the Boothbay Civic Association. While serving on the BCA she was instrumental in raising money for many community projects such as the children’s pavilion at Clifford’s Park, the Memorial Park at the Center and most notably toward the building of the Boothbay Town Office. Estelle enjoyed being an election clerk and helped us out at more elections than we can count and served for many years on the Town of Boothbay Planning Board. She led the efforts to continue the Fisherman’s Festival and the development of

the Fisherman’s Memorial Park and coordinated the Blessing of the Fleet each year. Estelle was the deserving recipient of the 2009 Rotary Lifetime Service Award and she received the Spirit of America award from the Boothbay Selectmen.

In addition to all of these wonderful accomplishments, she was a beautiful person in every way. Everyone who met her was smitten by her smile, kindness, generosity and great sense of humor.

In Memory Of

Arthur E. Reed
05/20/1942 – 02/28/2022

Arthur E. Reed was a lifelong resident of the Town of Boothbay, he served in the United States Army from 1961 to 1964. He was a third generation building contractor and was very proud to call the Town of Boothbay home. He felt that everyone should give back their time to continue to make it a better place.

Arthur started out serving on the Town of Boothbay Planning Board then resigned to become a Selectman and served on the Board of Selectmen for nine years. He also found time through the years to serve as President of the Ambulance Service, and work as an EMT. At one point he served as President of the Boothbay Region Fish and Game as well as Grand Master of the Bay View Masonic Lodge #196. Arthur also served as Trustee of the Boothbay Region Land Trust and the Seaside Riders Snowmobile Club.

He was very respected by all that had the privilege of knowing him.

In Memory Of

Timothy Utley
10/25/1952 – 06/06/2021

Timothy Utley moved to Boothbay in September of 2013 from Louisville, Kentucky. He was the “king” of multitasking, we are really not sure how he found the time to do so much for so many.

With each new season Tim would come to the business office with ideas for beautiful flower arrangements to be placed at our entry door for everyone to enjoy. He would do some weeding if we needed and take care of watering the flowers as well. He always offered to volunteer with elections as well and was quick to tell us how much he appreciated our hard work. Tim also did the flower boxes for the Boothbay Post Office and kept them looking like they had just been planted.

He was a member of the Woodchucks and was on the Board of Directors for the Boothbay Harbor Memorial Library, where he also volunteered with maintenance. He was a member of and volunteered for the Lincoln County Historical Society, and the Maine Art Gallery. He also helped out at the Community Center, the Rotary Auctions and he even re-glazed the windows for the Lincoln County Historical Jail site in Wiscasset. Tim was one of those rare individuals that just enjoyed helping whenever he could and he brought light and energy into any room. He is missed by all that knew him.

Dedication

Barbara Rumsey

Our 2021 Annual Town Report is dedicated to Barbara Rumsey. Without Barbara a lot of our local history would be lost, or at least quite unorganized. She began volunteering at the Boothbay Region Historical Society in 1985 and has been dedicated to “finding the truth” ever since. Barbara has written over 600 articles for the Boothbay Register about local history and has written seven books such as, “Colonial Boothbay Mid 1600s to 1775” and “Hodgdon Shipbuilding and Mills”. She has also preserved history with video recordings and has done around 35 interviews of local people sharing their memories and knowledge of the area. Her goal has always been to “do justice to the people who were neglected in newspaper write-ups. The seafarers, summer colonies and businesses got a lot of publicity, but the farmers, builders, the ‘working man’ were often shortchanged.”

As the Boothbay Region Historical Society’s director she oversaw and built up the museum’s archives and artifacts, handled society business, helped people with their inquiries and served as the voice of local history throughout the region. Today she has returned to solely maintaining the archives, writing and researching when she feels up to it. Thank you Barbara for working so hard to bring our past back to life for current and future generations.

The last two years have been trying for the community in dealing with the pandemic and making all of the adjustments to keep up with daily life. Municipally, we had to make many adjustments like most others, hopefully the level of service you expect was met during this time.

During this time, with companies embracing telecommuters, we in the office have noticed a sizable increase in new faces. Great news indeed; we're not sure how you found us, but we are happy to welcome you to the community. If you need help acclimating, stop by the municipal office and we will lend a helping hand.

Moving forward, one of the long term projects slated to begin this year is the Clifford Park renovation that will include new level fields, a pavilion, and a new playground. This has been discussed for years and I'm happy to thank everyone for their patience. In this vein we are still working toward broadband access for all homes, municipal water and sewer to Hardwick Road, and workforce housing. Progress for these latter projects is ongoing at various levels of success, however they are all very much on the move.

I would like to welcome Andrea Hodgdon to the Code Office, she has brought an extremely professional attitude and a keen intellectual mind, we are lucky to have her. I would like to thank all of the town staff, volunteers, Boards and Committees as well, they are committed to keeping our town well run and efficient.

Business Office Report

There were **16 births** recorded in Boothbay for 2021; 8 females and 8 males born to Boothbay residents. Congratulations to all the families with new babies.

To apply for a marriage license you will need to make an appointment for both of you to come in to our office together with picture identifications. Allow an hour for the process. If married before, you must show original divorce papers or a spousal death certificate. You will complete a marriage intentions form, and sign it in the presence of the clerk or deputy. The fee is \$40.00.

Boothbay residents licensed a total of **323 dogs** during calendar year 2021. Dog license fees remain at \$11 per dog, or \$6 for spayed/neutered dogs. When licensing at our office, please bring in a current rabies certificate. A spaying or neutering certificate will be required if it is a first time license. During 2021 we had the following **meetings and elections**:

May 3, 2021 Annual Town Meeting

November 2, 2021 General/Referendum Election

2021 flew by like a stealthy Steller's Sea Eagle on the wind, (which by the way, I unfortunately have not seen with my own eyes.) We enjoyed having the elections back in house in 2021, we had to change the set up a little but all went smoothly. Thank you to our Public Works crew for all they do to help us set up for elections and for the reorganizing after elections to get the meeting room back to normal. Sam, Tony, Roman, Andy and Mike we appreciate all you do day in and day out. Thank you to Sally, Tracey and our election workers for all of their hard work, I couldn't do it without you. I also want to thank our Selectmen and Town Manager for the support and trust that allows me to do my job well. Last but not least I want to thank our residents and non-residents for their kindness and patience that they gift to us every day. We are so lucky to live in this amazing town, with such beauty to enjoy, the hint of salt always in the air and the "wicked" unique, big hearted people that make this home.

The Code Enforcement Office had another bustling year in 2021 collaborating with the residents of Boothbay for permit assistance, zoning inquiries, Planning and Appeals Board meetings, as well as concerns regarding the Zoning Ordinance and the environment. Ultimately, in all phases of the building process, the goals of the Code Office are to aid the public to the greatest extent possible. In fact, we support an open door policy for anyone interested in the Town's Zoning Ordinance and encourage questions and comments.

Although the following building permit summary is similar to last year, our office has seen a marked increase in new dwelling permits. Furthermore, interior plumbing permits and new and renovated septic systems continue to increase.

Andrea Hodgdon was hired as the Assistant Code Officer/Addressing Officer in July 2021. As expected, Andrea has been a great addition to the Code Office!

Public Works

Anthony (Tony) Goode, Samuel Barter, Andy Wooster, Roman Petersen and Road Foreman Michael S. Alley

The winter of 2020/2021 was almost non-existent with very little plowing and sanding. Spring duties came early and were also completed ahead of schedule. An early spring gave us a jump on paving with Van Horn Road and Shore Road and we were able to get drainage work and paving done in June. Part of the Shore Road project was paid for with storm relief funds from damage done a couple of years ago; it's always good when we can find a way to stretch our paving dollars. We moved directly from there to Gaecklein Road, spending a good part of the summer with a complete restructure of the road from Sproul Lane to just past the Coastal Maine Botanical Garden's back gate. We removed ledge, rocks, trees and stumps, raising low areas and improving drainage followed by grading and paving. The paving was completed and new shoulders were in place by mid fall. With grant money secured by Sue Mello at the Boothbay Region Water District and a large contribution from the Coastal Maine Botanical Gardens, the cost was shared three ways allowing an otherwise cost-prohibitive project to come to fruition. The work done will help to protect the Knickerbocker watershed from harmful silt carried in runoff created by constant wear and tear on a typical gravel road. This will also give safe passage to emergency vehicles or a safe emergency exit from the Gardens, should the need ever arise. It also puts our winter and spring maintenance on par with our typical roads of this size allowing us time toward other important jobs. Culverts, drainage and paving were also done on Sproul Lane while we were there. Finishing all this just in time to prepare for winter of 2021/2022.

As I write this we are in the process of replacing a 2005 International plow truck with a 2022 International plow truck, with industrial shut downs and supply issues, this was no small feat. Although we had no choice in color we were able to make the purchase to replace a well-worn truck and keep our replacement schedule on track.

As always, I want to thank all those that make this possible: The Selectmen, the Town Manager, my crew and of course the residents and visitors of this region.

Respectfully,
Mike Alley, Public Works Foreman/Director

Sewer District Report

I am pleased to offer this report on behalf of the Boothbay Harbor Sewer District. 2021 was a year still filled with COVID-19 uncertainty and unprecedented challenges. The region's citizens had plenty of things to worry about, and thanks to the resiliency of the staff at the Sewer District, sewage treatment was not one of them! The District worked incredibly hard during these tough times to ensure the continued proper conveyance and treatment of wastewater.

2021 was a transitional year for personnel and the Board of Trustees. Trustee Sam Morris, Board Clerk, moved out of the region vacating his seat. Jay Warren was elected to fill the remainder of Trustee Morris's term. Riley Mitchell, Collection System Tech, left the District to assist with his family's business. Michael Hills joined the District in May as the new Collection System Tech. Mike brings a strong skill set to the District and is adapting extremely well. We wish all the best and continued health to those who have served.

The District continues to plan improvements in your treatment and collection systems. As in the past, the next several years will continue to be busy. The District is in the seventh year of its capital improvement plan. The planned improvements will include planning/funding for the replacement of the Fullerton Street/Tupper Road sewer lines, the plant aeration blowers, Westside manhole rehabilitation, a climate resiliency project at the plant, three pump station pump upgrades, and two more pump station panel upgrades. This year's major improvements to your system and other accomplishments included the following:

- The installation of an odor scrubber for the garage bay (Phase 2 of 3),
- Upgraded the aerated sludge holding tank odor scrubber exhaust fans,
- Upgraded the explosion proof unit heaters in the headworks area and replaced the 660-gallon oil tanks and installed new fill and vent piping in the plant basement.
- Installation of new upgraded pump station control panels and telemetry for PS 03 and PS 07,
- Completed the relining of the remainder of the asbestos cement sewer lines and grouted service connections on Townsend Avenue, Oak Street, Howard Street, and Western Avenue.

The District Trustees continue to lead the District through their strong work ethic, strong leadership style, and fiscal responsibility. Because of this leadership, the financial position of the District is strong. For the second time since 1992, District was able to reduce sewer use fees for 2022. Credit is given to the careful management of spending along with frugal fiscal planning.

I would like to recognize the resilience of our employees and their dedication to serving the residents of the Boothbay region during these tough times. The District also would not have been as successful as we were during these times without the support of the Board of Trustees, and the cooperation of the community. The District looks forward to continuing to serve the residents of the region as faithfully as possible, throughout whatever conditions the world may be in. In addition, the District continues its commitment to protecting the region's greatest resource, Boothbay Harbor, for all to enjoy.

Respectfully submitted,
Chris Higgins
Superintendent

Lincoln County Sheriff

As I begin my 20th year as your Sheriff, I look back at 2021 as a year of planning and I look forward to 2022 as a year of action.

During the past year, my team and I began closely tracking our crime and crash locations with an emphasis on enhancing our patrols in the areas reporting high totals in both. Based on a national model for data driven policing we plan, in early 2022, to focus some of our patrols in three areas of the County, identified by our data. Our goal is to use the data to enhance the location and time of day of some of our patrol activity. Our hope is to see a reduction in both crash and crime as a result.

Additionally in 2021 we began a more formal process to track our use of force reports. This data for 2021 will be available for viewing on our website (www.lincolnso.me) in January of 2022 with plans to update the data each quarter in 2022. The decision to share this information is based solely on our goal to improve communication and transparency. It is simply a window into what we do and how often we do it with regard to the use of physical force. Take a look, you may find it interesting and certainly if you have any questions or concerns, let me know.

We also put in place the building blocks for a citizen's advisory committee (CAC) last year. As it develops, the group will provide me community perspective and opinion on a wide range of issues including policy review. The CAC will be diverse in every way and serve a vital role during our plan to be one of the first Sheriff's Offices in the State of Maine to receive accreditation thru the Maine Law Enforcement Accreditation Program sponsored by the Maine Chiefs of Police Association. The accreditation process is underway, with a goal of reaching accreditation in early 2023.

Many law enforcement agencies both locally and nationally have struggled to fill their vacancies and we too have struggled. I am happy to report I have hired five new deputy sheriffs since late 2021. These new deputies are diverse in many ways including the first full-time female Patrol Deputy in over 10 years. We do still have some openings, three in fact as of the date of this letter. If you know someone who is looking for a unique opportunity to serve our community, please have them reach out to me or any of my staff.

Thank you for the opportunity to serve as your Sheriff. Please reach out to me at any time if I can be of assistance to you.

Respectfully submitted,
Todd B. Brackett
Sheriff

Boothbay Fire Department

To the Board of Selectmen, Town Manager, and Citizens of the Town of Boothbay. I hereby submit the 2021 Boothbay Fire Department annual report for January 1, 2021 through December 31, 2021. The Fire Department responded to 179 calls this year which are summarized on the following page.

We received two grants this year, one from the Mildred McEvoy Foundation to update some of our portable radios, the second from the Maine Municipal Association for road signage at traffic scenes.

The Selectmen also approved the replacement of our Engine 4, which is our first truck to respond. The contract was awarded to Metal-Fab and we hope to receive the truck during the fall of 2022.

I would like to thank all of the Firemen and Officers for their quick response to calls and dedication to training. Also, I would like to thank the Boothbay Region Miss Fires Auxiliary.

Sincerely,
Richard Spofford
Boothbay Fire Chief

“On the water” turned out to be a very safe and popular place to be in 2021. Social distance protocols were observed and the Region’s waterways were very busy.

The On-Line Mooring DataBase continues to be a great asset for the Town. The system has been updated by the provider and it is even more user friendly. We are now in the eighth year with the On-Line system and it only gets better. I would like to thank all the mooring owners that pay on-line. When paying your mooring fees please update your inspection information and email. Remember: mooring fees are due AUGUST 15TH every year. If you have email, I will send a reminder, but either way it is the mooring owner’s responsibility. The date doesn’t change. No exceptions.

The identification of work floats and their owners will continue to be a major focal point in 2022. If you have a work float please make sure you have the required Army Corps of Engineers permit and that your mooring number is on your float and mooring. Please reduce the risk to other boaters by maintaining your work floats. Make sure the floats are secured properly. Old gear that is no longer serviceable should be disposed of properly not left to be washed off the work float in a storm.

Phone calls and e-mails were typical in nature. Skiffs, dinghies and kayaks missing or adrift topped the list. I have stickers at the Town Office for identifying your small craft from the Coast Guard Auxiliary. They have room for your name and contact information. Please come by and pick one up. Several calls were received about vessels tying up too long to the docks at Shipbuilder’s Park and Knickercane Bridge Launch Area or gear left for over forty-eight hours. Owners were contacted. I also conducted several wharf and weir hearings for the town.

There are currently 961 registered moorings in the Town of Boothbay:

Location	Total
Barter's Island	133
Sawyer's and Hodgdon Islands	92
Card Cove, Grimes Cove-Ocean Point	78
Cross River and Rocky Point	49
Damariscotta River	219
Linekin Bay	274
Little River	101
Outer Islands	15

The Port Committee meets on the first Thursday of the month as needed at the Town Office. I would like to thank Chuck Fuller, Larry Knapp, Win Russell, Rusty Court and Barry Gibson for always being available. No meetings in 2021 due to COVID. I am planning some for fall of 2022.

The Town of Boothbay has two Deputy Harbor Masters. The west is covered by Bradley Simmons: Linekin Bay, Ocean Point, Grimes Cove, Little River, Damariscotta River and the Outer Islands. The east is covered by Michael Leighton: Barter's Island, Cross River, Rocky Point, Sawyer's Island and Hodgdon Island. I would like to thank them both for all their time and efforts.

Boothbay Region Ambulance Service (BRAS)

We, like the rest of the world, continue to navigate the ever-changing landscape and world with the addition of CoVID-19, we responded just as we did with the H1N1 & Ebola virus threat. B.R.A.S. remains dedicated to our communities, patients, level of care, and the wellness of each other. Our remote location affords us some protection, it has also presented us, like nearly all other medical services across our nation, with some formidable challenges as well. Namely staffing and hospital accessibility.

Our response model plans helped us responsibly navigate CoVID-19 scenes, exposures, and close contact incidents. Taking this unexpected development in stride, B.R.A.S. positioned itself to succeed. We knew supply chains could remain in flux, and found ourselves well prepared after anticipating our equipment and supply needs and in preparation of maintaining a stockpile. As the remainder of FY21 continued to play out similarly to 2020, what we hoped were temporary trends remained.

Hospitals still cancelled elective procedures to reserve bed capacity for CoVID-19. Transport requests have been inundating our Service, but due to staffing we have had to deny most transport requests. 9-1-1 call availability has been and remains our number one priority. Our dedicated staff have remained working long hours to ensure that the residents of the communities we serve receive the medical care they have come to expect from B.R.A.S. We have achieved and maintained this level of service by modifying the protocol we use to schedule emergency and non-emergency transfer.

We are excited to report that BRAS staffing levels are newly strengthened with recent hires. We welcome them to our team and Region. The recruitment effort has been driven to provide needed and deserved respite for our dedicated employees who have worked tirelessly throughout the pandemic. These folks subject themselves daily to difficult situations on the behalf of our Service and communities. Our sincerest gratitude is extended to them.

We still have work to do, but we have made strides in the last months of 2021 and beginning of 2022. Our goal is to resume transfers, which is a revenue stream for B.R.A.S. The addition of our new ambulance will also assist with this. We also are offering an EMT training course at our B.R.A.S. station. This was a tremendous success and assisted with our recruitment efforts. We would like to extend appreciation to Lincoln County for financially supporting our efforts and in making the course free to our attendees.

Information we find important to share is:

- B.R.A.S. staff is fully vaccinated and participates in a daily CoVID19 screening process while on shift
- Many of our local fire department members have trained with us and have made themselves available to assist if/when needed
- B.R.A.S. has improved compensation levels and we are in the process of participating with Maine Municipal Employee Health Trust health insurance plan. These changes are necessary to remain competitive in our search for available EMTs and to compensate our staff that has remained dedicated throughout
- Several of our EMTs upgraded their license to a higher level and are becoming an integral part of our advanced life support staff

-
- Scott Lash has resigned from B.R.A.S.; we have begun our search to hire for a director
 - Our equipment continues to be replaced and upgraded, most of the recent purchases have been offset by grant funding. We have replaced our cardiac monitors, the new ambulance that was ordered last year was delayed but is now in production for spring delivery. This vehicle is our next evolution in designing a safety interior for both crew and patient safety. The ambulance has innovative features to allow the EMTs to remain seated and restrained as much as possible, the truck will be equipped with a self-loading cot for both crew and patient safety and it will have a four-wheel-drive chassis

With grateful appreciation of your support,
Rob Ham, President Board of Directors

Like many businesses, schools, and institutions, BHML “rebooted” in 2021. The Library opened with pandemic protocols (masks required) for full walk-in service; due to positive response, we also kept the window pick-up available for those who preferred not to come inside or wear a mask.

In March, BHML partnered with the Boothbay Region High School English Department to offer a book discussion of the critically acclaimed “Stamped: Racism, Anti Racism, and You: A Remix of the National Book Award-winning Stamped from the Beginning!” Over the summer our resource sharing collaboration with the Boothbay Region Elementary School Library continued for the 3rd year to make the school’s Maine Student Book Award collection available throughout the summer.

We welcomed back **7 community groups and over 100 attendees to the library lawn for Earth Day Fest** which sparked collaborations with the Lincoln County Gleaners that ran through the summer & fall. Lincoln County Gleaners popped up a “Share Table” every Thursday during storytime to share free fresh produce with the community. They also provided BHML with vegetable starts to populate the new community garden by the Rachel Carson Monument.

Zoom programming continued until the summer when our programs were held outside on the lawn. BHML offered **25 adult programs** including “Grow with Google” digital literacy workshops, author talks, art shows, and movies on the lawn. **Author Colin Woodard spoke to a crowd of 60** on July 16. **One hundred and fifty six children and families attended the summer reading kickoff** during Windjammer for Wee Mateys, and **99 children participated in the summer reading** passport program! Between book groups, storytimes, bubbles and chalk, and our adult programs **1,990 people attended programs** at the library - not including attendees of the Hallowell Band Concerts, who this summer restored the 50 year tradition of playing on the library lawn.

Book circulation edged back up to pre-pandemic levels with **23,777 items circulated** (vs. 13,101 in 2020). **3,159 wireless sessions** were logged, **public computer stations were utilized 332 times**, **78 museum passes** were borrowed, and over **20,000 people walked** through the library doors.

The addition of a Community Technology Coordinator has proved invaluable: **160 one-on-one tech help sessions** support digital skill building in the community. We delayed hiring a new Children's Librarian while BHML was not having programs, so we were thrilled to welcome Jennifer Betts on as our new Children's Coordinator in March of 2021. BHML is also supported by 16 dedicated volunteers.

In December, BHML hosted Mr. & Mrs. Claus for a virtual storytime, and gave out dozens of books and hot chocolate packets in collaboration with the Chamber of Commerce. We piloted a "Pop-Up Library" at the Boothbay Common and held winter storytimes and activities from November-December in our trailer there. It was fun ... and cold!

Boothbay Harbor Region Chamber of Commerce

Board of Directors 2021: President Doug Goldhirsch, Vice President Jason Denby, Secretary Julie Roberts, Treasurer Alyssa Allen, Roger Ferrell, Clint Miller, Jaymes Shive, Joanna Been, Tricia Campbell, Angelo DiGiulian, Charles Bamberg, Michaela Bitterman

Lisa Walby is serving as Executive Director, Cindy Mastrella as Member Services, Ilene Vactor as Guest Services, Kjirsten Flores as Marketing Coordinator, and many loyal volunteers.

In 2021 the new and improved website launched and with it came increased page views. Our analytics showed that website hits were up 171% compared to 2020. In addition to the website, the Chamber continued to explore new avenues to promote local business. Social media pages were maintained with the latest member news & updates, events and festivals, including chamber events such as Business After-Hours. The Chamber continued to send out weekly member newsletters, update a community calendar on the website, and send out a monthly newsletter to over 7,000 lovers of the Boothbay Region.

Visitors and residents have enjoyed our year-round information center, with our large touch screen monitor in the lobby, as well as the Trolley offering free public transportation around the town (June - October).

Even in this digital age, the printed 2021 Region Guides were so popular that by the end of the season we had sent out every copy! These guides are sent to AAA offices nationwide, the Chambers of Commerce in Maine. The Maine Tourism Association, Maine Turnpike Visitor's Center, Portland Jetport, as well as the thousands of online requests and calls to the chamber offices.

Boothbay Lights events were a success and we plan to add more events with the excellent help of our staff and volunteers. This season we created some online advertising campaigns reaching over 29,000 people who wanted to share in the magic of the season.

With the return of Claw Down, Fishin' For Fashion, the Chamber working with Friends of Windjammer Days for the Street Parade, the 2022 season is looking busy & bright!

Our region continues to grow through the continued efforts of so many. Thank you for your continued support from all our local businesses, organizations, teachers, individuals and Town Officials.

Lisa Walby,
Executive Director

What is Emergency Management?

Emergency Management is a community-wide effort to incorporate all available resources to mitigate, prepare for, respond to, and recover from all emergencies and disasters.

This year was a particularly slow year for us in the world of Emergency Management. While there were many presidential disaster declarations for extreme events (58), none affected the State of Maine, and for this we are thankful. The closest major events were located in New York for tropical storm Fred, Connecticut for tropical storm Isaias and Hurricane Ida, and New Hampshire for a severe storm and flooding in July.

This year we came in at just about average for snowfall but recorded the coldest January since 2009. Wind was a factor in many storms, but without leaves on the trees there were minimal downed limbs and power outages. All in all, 2021 was a quiet year. COVID was still a strong player throughout the year with new variant changes and changes in our protocols. The Maine CDC and Dr. Nirav Shah were there through it all with reassuring advice and guidance. The 2,136 people who lost their lives due to COVID will remain in our thoughts and prayers.

On the county level, things were also slower than usual. COVID kept our meetings to a minimum and online until last month. The county just released an Emergency Medical Technician Course free to anyone residing in the county. This will hopefully provide some fresh faces for those wanting to work in the Emergency Medical field.

Lastly, Fire Chief Nick Upham worked with me in applying for an Assistance to Firefighters Grant. The grant will, if accepted, provide for a diesel exhaust recovery system. This will not only provide for the health and safety of his men and women but will save on heating costs because doors will no longer have to be left open to air out the apparatus bays.

Until next year "Stay safe"

Dave Cody

Boothbay Region Historical Society

During 2021, we enjoyed the support of both Boothbay and Boothbay Harbor voters. The funds voted by townspeople helped us to fulfill our purpose of preserving and increasing knowledge about our region's past.

Despite COVID, we maintained regular year-round hours at the museum in Boothbay Harbor on Thursdays through Saturdays, 10 a.m. to 2 p.m., observing mask mandates and using donated HEPA air filter systems. We were not able to continue with our education program in the two third grades at Boothbay Region Elementary School, but last winter and spring a group of Boothbay Region High School students were able to spend many hours looking through our archives for information on their high school sports for a project supervised by Officer Larry Brown. We sent out two newsletters, monthly e-newsletters, and almost daily postings on our active Facebook page. Utilizing Zoom, we hosted five speakers. We had to cancel two major fund-raisers, but were able to hold a raffle, a bake sale and our fall cheese sale. We collaborated with the Boothbay Railway Village on two major exhibits: ice harvesting and Boothbay family artifacts. We have instituted a Boothbay Region High School Scholarship of \$1,000 which will go to a high school senior this spring 2022, and have already received \$550 towards this goal.

We provided news items and articles on local history to the townspeople and others through the *Boothbay Register*. We are an active research facility, assisting people locally in their search for information on family, houses, vessels, and places. We also answer correspondence from people all over the country and abroad who have an interest in Boothbay region history, and when asked we help the town offices with research.

We have many active volunteers who donated hours of work this year preparing exhibits, organizing public events, computer data entry, checking the order of photos and documents, manning the building, making repairs, helping with property clean up, helping with mailings, and documenting new collections and artifacts. We are scheduling some much needed building repairs for the spring.

The sources of our income this year were: donations by individuals and the towns; two grants; membership dues; and sales of books, maps, papers, and photographs.

We continued to receive important donations to our collections, including late 19th early 20th century baskets made specifically for use on Squirrel Island, 19th century clay pipes from Damariscove Island, Journal and Account books from Manley Reed from 1950-70, items related to the Commonwealth Art Colony 1913-14 (eastside Boothbay Harbor), and Stan Tupper's Ambassadorial flag from service in Canada as Commissioner General to the Canadian World Exhibition of 1967.

We thank the townspeople for their willingness to contribute to the preservation of local history.

2021 was a very busy year at the transfer station. We see high volumes of both trash and construction waste. We haven't seen numbers like 2021 since the 90s. Recycling markets thankfully have rebounded, creating more revenue to add to the budget.

We purchased a new wood grinder at a cost of \$1 million. Our old one was 15 years old and was getting tired.

Hopefully by the time you're reading this, we are back taking our trash to Fibrigh. They ran into money issues and went bankrupt. There is a new plan to re-open the facility and hopefully it will happen soon.

2021 was another frustrating year for the Boothbay Region Water District (i.e., *the district*), where the lingering COVID-19 pandemic continued to frustrate the normally productive operations of the water district. Even through this viral obstacle hampered district efforts, the accomplishments of the year were respectable. Most importantly, by year's end the district's staff remained healthy and intact.

During 2021, the district met all state and federal requirements with the regard to the treatment and delivery of the region's water supply. Equally impressive, despite the ongoing pandemic, the district was able to meet its capital maintenance goals, improving overall district operations. Capital improvement projects, efforts and accomplishments were as follows:

- The BRWD Natural Resources Program was recognized by the Maine Rural Water Association, winning the Andrews Tolman Source Water Award, for the district's superior performance protecting the region's water supplies, for the second time, a new state record;
- Performed superior system maintenance resulting in "unaccounted for" water loss rate 8.45%, among the best in Maine;
- Upgraded its service fleet with the purchase of a new service vehicle;
- Completed the *Rice Road Water Main Replacement Project*, replacing 800 feet of poorly installed and undersized water main, providing acceptable fire flow for that neighborhood;

- Acquired two parcels, equaling 38-acres of watershed protection lands;
- Completed a complete cyber-security audit as well as system-wide security review;
- Completed four small seasonal water main extensions equaling 1,800 feet of new water main; and
- Added 73 new customers.

In May, the voters of Boothbay, Boothbay Harbor and Southport re-elected Treasurer Nell Tharpe as the region's At-Large trustee. The remaining board members included Chairman Gerald "Gerry" Gamage (Southport), Vice-Chairman, Smith Climo (Southport) Clerk, Kevin Anthony (Boothbay) Trustee David Tibbetts (Boothbay Harbor), Trustee Merritt Blakeslee (Boothbay Harbor) and Trustee Allan Bellows (Boothbay representative).

Looking ahead to 2022, efforts include:

- Complete filter overhauls on both Trident filter units;
- Complete *Filter Waste Alternative Treatment Study* to provide a blueprint of eliminating this large waste stream from the municipal sewer and allowing the district to recycle 7% to 10% of its raw water;

INDEPENDENT AUDITORS' REPORT

Board of Selectmen
Town of Boothbay
Boothbay, Maine 04537

We have audited the accompanying financial statements of the governmental activities, business-type activities, and each major fund of the Town of Boothbay, as of and for the years ended June 30, 2021 and 2020, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the Table of Contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, and each major fund of the Town of Boothbay as of June 30, 2021 and 2020, and the respective changes in financial position, and where applicable, cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Boothbay's basic financial statements. The nonmajor fund financial statements and Schedules B-1 through B-2 are presented for purposes of additional analysis and are not a required part of the financial statements.

The combining and individual nonmajor fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Our discussion and analysis of the Town of Boothbay's financial performance provides an overview of the Town's financial activities for the year ended June 30, 2021. Please read it in conjunction with the Town's financial statements provided by our independent outside auditors, William H. Brewer & Co.

This annual report consists of a series of financial statements. The Statement of Net Position (Exhibit A) and the Statement of Activities (Exhibit B) provide information about the activities of the Town as a whole and present a longer-term view of the Town's finances. Fund financial statements start with Exhibit C. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the Town's operations in more detail than the government-wide statements by providing information about the Town's most significant funds. The fiduciary fund financial statements provide information about activities for which the Town acts solely as a trustee for the benefit of those outside of the government.

Reporting on the Town as a Whole

The Statement of Net Position (Exhibit A) and the Statement of Activities (Exhibit B)

The Statement of Net Position and the Statement of Activities report information about the Town as a whole. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the Town's net position and changes in it. The Town's net position, the difference between assets and liabilities and deferred inflows, is one way to measure the Town's financial health or financial position. Over time, increases or decreases in the Town's net position are one indicator of whether its financial health is improving or deteriorating. Other non-financial factors, however, such as changes in the Town's property tax base and the condition of the Town's infrastructure, need to be considered to assess the overall health of the Town.

In these government-wide statements, the Town's activities are reported in one category:

Governmental Activities – Most of the Town's basic services are reported here, including fire, general administration, roads, and recreation. Auto excise taxes, franchise fees, fines, state revenue sharing, and state and federal grants finance most of these activities.

Reporting on the Town's Most Significant Funds

The fund financial statements provide detailed information about the significant funds, but not on the Town as a whole. Some funds are required to be established by State law or by bond covenants. Additionally, the Board of Selectmen and management establishes other funds to help control and manage money for particular purposes.

Governmental Funds – The Town's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial resources that can readily be converted to cash.

The governmental fund statements provide a detailed short-term view of the Town's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the Town's programs. The relationship between governmental activities and governmental funds is reconciled in Exhibits C and D.

Fiduciary Funds – The fiduciary fund financial statements report on activities for which the Town acts as a trustee. These activities are excluded from the Town's other financial statements because the Town cannot use these assets to finance its operations. The Town is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

Governmental Activities

This section will show a condensed financial comparison of revenues and expenses and provide explanations for significant differences.

To aid in the understanding of the Statement of Activities some additional explanation is given. Of particular interest is that the format is significantly different than the Statement of Revenues, Expenditures, and Changes in Fund Balance. Expenses are listed in the first column with program revenues attributable to that particular function being reported to the right. The result is a Net (Expense)/Revenue. The reason for this type of format is to highlight the relative financial burden of each of the functions on the Town's taxpayers. It also identifies the amount each function draws from the general revenues.

General Government	Charges for Services include revenue from licenses, permits and fees. Operating Grants and Contributions are unrestricted donations to the Town.
Public Safety	Charges for Services are mooring permits and dog licenses. Operating Grants and Contributions are grant monies received for the fire department.
Public Works	Operating Grants and Contributions are grant monies received through the Local Road Assistance Program.
General Assistance	Operating Grants and Contributions are State of Maine reimbursements for general assistance expenditures the Town incurred.

All other governmental revenues are reported as General Revenues. It is important to note that all taxes are classified as general revenue even if restricted for a specific purpose.

The Town's current General Fund Balance is \$2,651,251. This amount is composed of nonspendable, restricted, and unassigned components.

The Town's General Fund is improving after many years of decline. There were a number of reasons attributed to the decline and most of those have been corrected in the last three years. In previous years, expenditures have been made that were spent out of the unassigned fund balance and not replenished. This practice has been completely eliminated and reversed. Expenditures in excess of appropriations were recognized at Town Meeting and surplus was added to the General Fund. The concerted effort in the next few years to replenish the General Fund must continue for a few more years. The Selectmen have established a policy to maintain 18.75% of appropriation or a three-year plan to replenish the funds. The positive year, this year, will bring us within 50% of that goal. Budgeting expenditures and revenues has also been closely scrutinized for better accuracy. This effort will continue and even be refined. Conservative estimates will create surpluses and funds will lapse back to the general fund.

The unassigned portion of the fund balance is the most crucial for the Selectmen to monitor. The unassigned balance as of June 30, 2021 was \$2,593,503. Compare that to June 30, 2020, when the unassigned balance was \$2,150,897. The Town increased the unassigned fund balance by 20.58%. This was due to the combination of excess revenues over expenditures and the using of capital improvement reserve funds to off-set capital outlays. If the town continues this trend the fund balance will be fully restored in a few years. The benefits are already being enjoyed by the Town. A Tax Anticipation Note was not required this year and cash flow is fully capable of fulfilling expenditures timely. The Town will continue to implement the three-year UDF replacement plan.

Tax Increment Financing (TIF)

With the creation of TIF #3, all three TIF funds are being accounted for separately. We identify the three different TIF agreements, with Hodgdon Marine LLC, Washburn Doughty, and Boothbay Commercial District as separate and independent TIF programs. The TIF funds will be clearly differentiated from the rest of the General Fund. No projects are projected for funding this year. A concerted effort to rebuild the TIF fund balance will continue in the next few years.

General Fund Budgetary Highlights

The adoption of the Internal Control and Procedures Policy in 2013 led to very stable and predictable activity in the General Fund. Segregation of duties has established procedures which creates checks and balances. These checks and balances provide stability to revenue and expenditure recording and predictability to projections. Monthly reconciliation is also much more predictable and thorough.

Capital Assets

As of June 30, 2021, the Town had net capital assets of \$7,138,087.

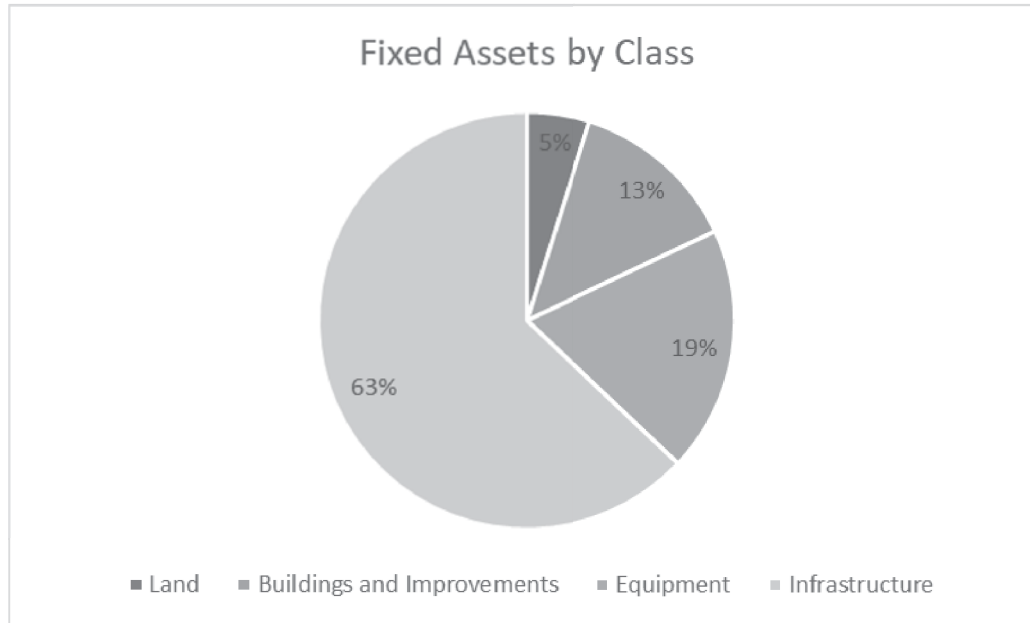

For the years ended June 30, 2021 and 2020 capital asset comparisons are as follows:

	2021	2020
Beginning Net Capital Assets	\$ 7,301,598	\$ 7,659,353
Net (Decrease) Increase	(163,511)	(357,755)
Ending Net Capital Assets	<u>\$ 7,138,087</u>	<u>\$ 7,301,598</u>

The Town's capital assets showed a decrease in value for the year ending June 30, 2021.

The chart below depicts the Town's assets by their share of the total.

Chart 5

Debt Administration

At year-end the Town's general obligation bonds had a balance of \$1,015,000.00. This bond financed the Route 27 improvement project.

The only long-term liabilities that the Town is obligated for is the value of accrued compensated absences for Town employees. This amounts to \$39,330.61 as of June 30, 2021.

Economic Factors and Next Year's Budgets and Tax Rates

Property values are still a very important topic in the Selectmen's Office. Property values are a key component in determining the tax rate. The next largest component is spending. The final piece of the formula is revenues. To the extent possible, the Selectmen have been able to control spending for Town services. However, the cost of Education and the County Tax continue to rise at an alarming rate. The economic downturn has severely reduced Federal and State spending. The term Reduced Spending translates to reduced revenues to the Town of Boothbay. The reduced revenues to the Town of Boothbay means an increased burden on the property tax to support local government, local roads, education, and the Town's share of County government. Your Selectmen have worked diligently to review and modify all areas of spending, purchasing and revenues to wring out whatever savings we can for you, the taxpayer.

In March 2020, the community was impacted by the Covid-19 Virus. The Town has reviewed their operations and is currently evaluating the impact of the virus on their operations. While there is a financial impact to the Town, it is currently unknown the full extent this crisis will have on its operations and funding.

TOWN OF BOOTHBAY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The accounting policies of the Town of Boothbay conform to generally accepted accounting principles as applicable to governmental units.

1. Financial Reporting Entity

The Town of Boothbay, incorporated in 1764, currently operates under a Board of Selectmen form of government with a Town Manager as the Chief Administrator of the Town. The Board consists of five members elected by the registered voters for three year staggered terms. The financial statements of the Town conform to accounting principles generally accepted in the United States of America as applicable to governmental units. The Governmental Accounting Standards Board (GASB) is responsible for establishing Generally Accepted Accounting Principles (GAAP) for state and local governments through its pronouncements (Statements and Interpretations). Governments are also required to follow the pronouncements of the Financial Accounting Standards Board (FASB) (when applicable) that do not conflict with or contradict GASB pronouncements. The more significant accounting policies established in GAAP and used by the Town are discussed below.

In evaluating the Town of Boothbay as a reporting entity, management has addressed all potential component units for which the Town may or may not be financially accountable and, as such, be includable within the Town's basic financial statements. In accordance with GASB, the Town (the primary government) is financially accountable if it appoints a voting majority of the organization's governing board and (1) it is able to impose its will on the organization or (2) there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on the Town. The Town also is financially accountable for organizations that are fiscally dependent on it and if there is a financial benefit or burden relationship. Additionally, the primary government is required to consider other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's basic financial statements to be misleading or incomplete. Based on the application of these criteria, there are no other entities within the Town that should be included as part of these financial statements.

2. Basic Financial Statements - Government-Wide Statements

The Town's basic financial statements include both government-wide (reporting the Town as a whole) and fund financial statements (reporting the Town's major funds). Both the government-wide and fund financial statements categorize primary activities as governmental. The Town's public safety, recreation, public works, and general administrative services are classified as governmental activities.

In the government-wide Statements of Net Position, the governmental column is presented on a consolidated basis by column, and is reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The Town's net position are reported in three parts - invested in capital assets; restricted; and unrestricted. The Town first utilizes restricted resources to finance qualifying activities.

TOWN OF BOOTHBAY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D):

2. Basic Financial Statements - Government-Wide Statements (Cont'd)

The government-wide Statements of Activities reports both the gross and net cost of each of the Town's functions and business-type activities (public safety, public works, administrative, etc.). The functions are also supported by general government revenues (property, certain intergovernmental revenues, fines, permits, and charges, etc.). The Statements of Activities reduces gross expenses (including depreciation) by related program revenues, and operating and capital grants. Program revenues must be directly associated with the function (public safety, public works, etc.). Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants.

The net costs (by function or business-type activity) are normally covered by general revenue (property, intergovernmental revenues, interest income, etc.).

This government-wide focus is more on the sustainability of the Town as an entity and the change in the Town's net position resulting from the current year's activities.

3. Basic Financial Statements - Fund Financial Statements

The financial transactions of the Town are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, reserves, fund equity, revenues, and expenditures/expenses. The various funds are reported by generic classification within the financial statements.

The following fund types are used by the Town:

a. Governmental Funds:

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the Town:

1. General Fund:

General Fund is the general operating fund of the Town. It is used to account for all financial resources except those required to be accounted for in another fund.

2. Capital Reserves:

Capital Reserves are used to account for financial resources to be used for the acquisition or construction of major capital facilities and equipment.

TOWN OF BOOTHBAY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D):

3. Basic Financial Statements - Fund Financial Statements (Cont'd)

Additionally, the Town reports the following fund type:

Fiduciary Funds:

Fiduciary Funds are used to report assets held in a trustee or agency capacity for others and therefore are not available to support Town programs. The reporting focus is on net position and changes in net position and are reported using accounting principles similar to proprietary funds.

The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories. Nonmajor funds by category are summarized into a single column. GASB No. 34 sets forth minimum criteria (percentage of the assets, liabilities, revenues, or expenditures/expenses of either fund category) for the determination of major funds.

The Town's fiduciary funds are presented in the fiduciary fund financial statements. Since by definition these assets are being held for the benefit of a third party and cannot be used to address activities or obligations of the government, these funds are not incorporated into the government-wide statements.

4. Basis of Accounting

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied:

a. Accrual:

Governmental activities in the government-wide financial statements and fiduciary fund financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

b. Modified Accrual:

The governmental funds financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e. both measurable and available. "Available" means collectible within the current period or within 60 days after year end. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exception to this general rule is that principal and interest on general obligation long-term debt, if any, is recognized when due.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D):

5. Financial Statement Amounts

a. Cash and Cash Equivalents:

The Town has defined cash and cash equivalents to include cash on hand, demand deposits, and cash with fiscal agents. Statutes authorize the Treasurer of the Town, as directed by the municipal officers, to invest all municipal funds, including reserve and trust funds, to the extent that the terms of the instrument, order, or article creating the fund do not prohibit the investment in financial institutions as described in Section 5706 MRSA and securities as described in Sections 5711 through 5717 MRSA.

b. Accounts Receivable:

Receivables include federal grants, state subsidies, town assessments and reimbursements. Based on prior year collections, management has determined that an allowance for doubtful accounts is not considered necessary at December 31, 2021.

c. Inventory:

Fuel inventory is valued at cost and consists of gas and diesel purchased for internal use and resale to local governmental entities.

d. Capital Assets:

Capital assets purchased or acquired with an original cost of \$1,000.00 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements, and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Buildings	20-50 Years
Machinery and Equipment	5-10 Years
Improvements	10-20 Years
Other Infrastructure	10-50 Years

e. Revenues:

Substantially, all governmental fund revenues are accrued. Property taxes are billed and collected within the same period in which the taxes are levied. In applying GASB No. 33 to grant revenues, the provider recognizes liabilities and expenses and the recipient recognizes receivables and revenue when the applicable eligibility requirements, including time requirements, are met. Resources transmitted before the eligibility requirements are met are reported as advances by the provider and deferred revenue by the recipient.

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D):

5. Financial Statement Amounts (Cont'd)

f. Expenditures:

Expenditures are recognized when the related fund liability is incurred. Inventory costs are reported in the period when inventory items are used, rather than in the period purchased.

g. Compensated Absences:

The Town accrues accumulated unpaid vacation and sick leave and associated employee-related costs when earned (or estimated to be earned) by the employee. The noncurrent portion (the amount estimated to be used in subsequent fiscal years) for governmental funds is maintained separately and represents a reconciling item between the fund and government-wide presentations.

h. Use of Estimates:

The presentation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

i. Fund Balance:

In accordance with GASB Statement No. 54, the Town employs terminology and classifications for fund balance items as follows:

Nonspendable fund balances includes amounts that cannot be spent because they are not in spendable form or legally or contractually required to be maintained intact.

Restricted fund balances represent those portions of fund equity that have externally enforceable legal restrictions.

Committed fund balances are amounts that can be used only for specific purposes because of a formal action taken by town government. The fund balances in the Capital Projects Fund are in this category.

Assigned fund balances are amounts that the Town intends to use for specific purposes. The Board of Selectmen approved carryovers are included in assigned fund balances.

Unassigned fund balances are all amounts in the General Fund that are not assigned to another category. Only the General Fund can have an unassigned fund balance.

j. Interfund Receivables/Payables:

Interfund receivables and payables arise from interfund transactions and are recorded by all funds affected in the period in which the transactions are executed.

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D):

6. Implementation of New Accounting Standards

- a. Statement No. 90, "Majority Equity Interests", an amendment of GASB Statements No. 14 and No. 61 is effective for the fiscal year ending June 30, 2021. The primary objectives of this statement are to improve the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units. It defines a majority equity interest and specifies that a majority equity interest in a legally separate organization should be reported as an investment if a government's holding of the equity interest meets the definition of an investment. A majority equity interest that meets the definition of an investment should be measured using the equity method, unless it is held by a special-purpose government engaged only in fiduciary activities, a fiduciary fund, or an endowment (including permanent and term endowments) or permanent fund. Those governments and funds should measure the majority equity interest at fair value. Management has determined that the impact of this statement is not material to the financial statements.

7. Future Accounting Pronouncements

- a. Statement No 87, "Leases" is effective for the fiscal year ending June 30, 2022. The objective of this statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. Management has determined that the impact of this statement is not material to the financial statements.
- b. Statement No. 89, "Accounting for Interest Cost Incurred before the End of a Construction Period", is effective for the fiscal year ending June 30, 2022. The objectives of this statement are (1) to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and (2) to simplify accounting for interest cost incurred before the end of a construction period. This statement establishes accounting requirements for interest cost incurred before the end of a construction period. Management has determined that the impact of this statement is not material to the financial statements.
- c. Statement No. 91, "Conduit Debt Obligations" is effective for the fiscal year ending June 30, 2022. The objective of the statement is to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. This statement achieves those objectives by clarifying the existing definition of a conduit debt obligation; establishing that a conduit debt obligation is not a liability of the issuer; establishing standards for accounting and financial reporting of additional commitments and voluntary commitments extended by issuers and arrangements associated with conduit debt obligations; and improving required disclosures. Management has determined that this statement is not applicable.

7. Future Accounting Pronouncements (Cont'd)

- d. Statement No. 93, "Replacement of Interbank Offered Rates" is effective for the fiscal year ending June 30, 2022. The objective of this statement is to improve guidance regarding the governments that have entered into agreements in which variable payments made or received depend on an interbank offered rate (IBOR) – most notably, the London Interbank Offered Rate (LIBOR). As a result of global reference rate reform, LIBOR is expected to cease to exist in its current form at the end of 2021. The objective of this statement is to address those and other accounting and financial reporting implications that result from the replacement of an IBOR. Management has determined that this statement is not applicable.
- e. Statement No. 94, "Public Private Partnerships" is effective for the fiscal year ending June 30, 2023. The primary objective of this statement is to improve financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs). As used in this statement, a PPP is an arrangement in which a government (the transferor) contracts with an operator (a governmental or nongovernmental entity) to provide public services by conveying control of the right to operate or use a nonfinancial asset, such as infrastructure or other capital asset (the underlying PPP asset), for a period of time in an exchange or exchange-like transaction. Management has determined that this statement is not applicable.
- f. Statement No. 96, "Subscription-Based Information Technology Arrangements" is effective for the fiscal year ending June 30, 2023. This statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). This statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset – an intangible asset - and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. To the extent relevant, the standards for SBITAs are based on the standards established in Statement No. 87, Leases, as amended. Management has determined that this statement is not applicable.
- g. Statement No. 97, "Certain Component Unit Criteria and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans" is effective for the fiscal year ending June 30, 2022. This statement requires that for purposes of determining whether a primary government is financially accountable for a potential component unit, except for a potential component unit that is a defined contribution pension plan, a defined contribution OPEB plan, or another employee benefit plan (for example, certain Section 457 Plans), the absence of a governing board should be treated the same as the appointment of a voting majority of a governing board if the primary government performs the duties that a governing board typically would perform. Management has determined that this statement is not applicable.

7. Subsequent Events

NOTE C - GENERAL FUND BUDGET:

At the annual town meeting, held in May of each year, the townspeople vote on various articles that become the appropriations for the following fiscal year. The Board of Selectmen present their budget in the form of warrant articles for the townspeople to approve at the annual town meeting. Budgets are adopted for the general fund only on a basis consistent with accounting principles generally accepted in the United States of America. Formal budgetary integration is employed as a management control device during the year for the general fund. The budget is presented on the modified accrual basis of accounting, which is consistent with U.S. generally accepted accounting principles.

NOTE D - DESIGNATED FOR SUBSEQUENT YEARS' EXPENDITURES:

Historically, the townspeople vote to allow the Board of Selectmen to carry certain departmental unexpended balances forward to the following year for expenditure. This is usually in lieu of additional appropriations in any particular account.

NOTES TO FINANCIAL STATEMENTS

NOTE F - REVENUE RECOGNITION - PROPERTY TAXES:

The Town's property tax for the current year was levied July 16, 2020 on the assessed value listed as of April 1, 2020 for all real and personal property located in the Town. One half of the total tax was due August 20, 2020 with the balance due February 10, 2021. Interest of 7.0% was charged on delinquent taxes on the unpaid portion of one-half of the tax bill not paid on or before August 21, 2020, and on the entire portion not paid on or before February 11, 2021.

Tax liens are placed on real property within twelve months following the tax commitment date if taxes are delinquent. The Town has the authority to foreclose on property eighteen months after the filing of the lien if tax liens and associated costs remain unpaid. Property acquired by foreclosure for non-payment of taxes is recorded at the amount of expired tax liens. Liens and any current taxes on the same period are not included as part of the tax acquired property account until expiration of statutory time limits.

The National Council on Governmental Accounting (N.C.G.A.) Interpretation No. 3 requires that property tax revenue be recognized only to the extent it will be collected within 60 days following the year end. The deferred tax revenue shown on the balance sheet represents property taxes not expected to be collected within 60 days after the year end.

Property taxes are recognized when they become available. Available includes those taxes expected to be collected within 60 days after the year end as stated above. Delinquent taxes are considered fully collectible and therefore no allowance for uncollectible taxes is provided.

NOTE G - PENSION PLAN - DEFINED CONTRIBUTION:

The Town of Boothbay offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 401(a) money purchase plan through the International City Management Association Retirement Corporation.

The deferred compensation plan is available to all employees of the Town. Under the plan, employees may elect to defer a portion of their salary and avoid paying taxes on the deferred portion until the withdrawal date. The deferred compensation amount is not available for withdrawal by employees until termination, retirement, death, or unforeseeable emergency. The Town's computed contribution to this plan for the year ended June 30, 2021 was \$50,787.98 and the employees contributed \$18,933.17. Assets of the plan are placed in trust for the exclusive benefit of participants and their beneficiaries. Accordingly, the assets and the liability for the compensation deferred by plan participants, including earnings on plan assets, are not included in the Town's financial statements.

Governor

Dear Friends:

For three years it has been my privilege to guide our great state, working with the Legislature to keep Maine people safe and put our economy on a path to recovery.

Since the arrival of the COVID-19 vaccines in December 2020, we have worked hard to get as many shots into the arms of Maine people as quickly as possible. In the last year, more than a million Maine people have gotten fully vaccinated from COVID-19. It is thanks to them that our state has one of highest vaccination rates and one of the lowest death rates from COVID-19, despite having a much older population than other states. People are coming to Maine because we are one of the safest states in the nation.

Following the recommendations of the Economic Recovery Committee, our economy has not only fully recovered, but has surpassed pre-pandemic projections and unemployment claims have dropped to pre-pandemic levels. And, last year, I was pleased to sign a balanced, bipartisan budget that finally achieves the State's commitment to 55 percent education funding, fully restores revenue sharing, and expands property tax relief for Maine residents.

Maine can be proud of our nation-leading progress, but our work is far from done. Through the Maine Jobs & Recovery Plan, we will continue to address our longstanding workforce shortage, the expansion of broadband, education and job training opportunities, housing, child care, and transportation. Drawing on the hard work and resilience of Maine people, together we will rebuild our economy and rise from this unprecedented challenge a state that is stronger than ever.

In 2022, I will be focused on our economy, on our climate, on our kids, on keeping people safe and on the health and welfare of all Maine people. We have persevered, and, while challenges remain, we will get through them together. I am proud of the people of Maine, and I am proud to be your Governor.

Thank you,
Janet T. Mills
Governor

State Senator

Dear Neighbors in Boothbay,

Thank you for the opportunity to represent you in the Maine Senate; I am truly humbled that you chose me to be your voice in Augusta during this unprecedented time.

In our first session, the Legislature focused on laws that would make a real difference in the lives of all Maine people. We passed laws to help improve access to affordable, high-quality medical care and lifesaving medications like insulin. We invested in senior living and nursing facilities and in our direct care workers, who have been so vital during the pandemic. We passed a two-year bipartisan budget that, for the first time, meets the state's obligation to fund 55% of K-12 public education. We also restored municipal revenue sharing and increased property tax relief programs, all of which will help reduce property taxes for Maine people.

In the Legislature, I have been appointed to serve on the Marine Resources Committee and the Agriculture, Conservation and Forestry Committee. These committees are responsible for overseeing matters that directly impact our communities and heritage industries, like farming and fishing. We know that the coming years will present these industries with real challenges if we do not prepare, and the survival of these industries is essential. Protecting our environment and natural resources is a priority for me because of the impacts it has on our health, our culture and our economy.

On January 5, 2022, the Legislature began the second regular session, which is scheduled to continue until mid-April. Our committee work will be conducted remotely for the time being, but we will be meeting in person at the State House to vote on legislation. Every committee meeting is streamed live and archived at www.legislature.maine.gov, and you can also testify during public hearings from the comfort of your own home. The State House is open to visitors, and I encourage you to visit any time.

I know many in our community are still struggling, and I want to remind you that I'm here as a resource for you and your family. If you need help finding resources, sorting out an issue with a state agency, or just want to talk something through, please reach out any time. You can call me on my cell phone at (207) 200-6224 or email me at Chloe.Maxmin@legislature.maine.gov. I really mean it when I say reach out anytime.

Sincerely,
Chloe Maxmin
State Senator

State Representative

Dear Neighbors:

As my home, Boothbay holds a special place in my heart. It continues to be an honor to serve our community in the Maine House of Representatives.

In 2021, despite the challenges of the COVID-19 pandemic, we were able to deliver big victories for the people of Maine. We passed a two-year state budget with overwhelming bipartisan support that will stabilize property taxes, keep free breakfast and lunch available to all students and protect our natural resources. We took steps to make health care more accessible, made much-needed investments in our infrastructure, allocated federal relief funds to help small businesses, filled workforce shortages and expanded access to child care.

As I write this, we have begun the second year of the two-year term in January 2022. In the coming months, I will be working to build on these successes and focusing on the areas where more work is needed. That includes expanding access to affordable housing, combatting the opioid epidemic and strengthening our workforce. I will also be focusing on the legislation I have sponsored to support individuals and businesses engaged in Maine's fixed gear fishing industry.

I continue to serve on the Health and Human Services Committee, where we oversee policy related to the Department of Health and Human Services, as well as policies concerning MaineCare, mental health, tobacco sales, medical marijuana, homelessness and public assistance. I also serve on the Government Oversight Committee which is charged with ensuring state agencies and programs are working as effectively and efficiently as possible.

Through my committee work, constituent service correspondence and other legislative business, I am committed to hearing all viewpoints and perspectives, regardless of party, to best advocate for our community and move our state forward.

Please contact me if I can be of any assistance or if you would like to discuss or testify on any legislation. My email is Holly.Stover@legislature.maine.gov. My phone number is 207-633-5979. I also send out periodic email newsletters. Please let me know if you would like to receive them.

Respectfully,
Holly Stover,
State Representative

U.S. Senator

Dear Friends,

On the heels of 2020's challenges, 2021 brought us both amazing progress and frustrating setbacks. The incredible rollout of several effective, FDA approved COVID-19 vaccines helped reduce the risks of this deadly pandemic – but vaccine hesitancy, combined with the dangers of new variants, have prolonged this crisis and created new risks for Maine people. The challenges raised tension levels to boiling points during the fallout of the 2020 presidential election and the January 6th Capitol attack. But despite that, Congress was able to deliver for a nation gripped by an unprecedented pandemic. As we reflect back on the year, we see the important action that will make a difference for Maine people – as well as work still unfinished.

As COVID-19 continued to impact communities across our state and the country, Congress's first priority this year was to confront the pandemic's health threats and economic toll. We immediately got to work on the *American Rescue Plan*, crafting an emergency bill to meet the moment and get our nation back on stable footing. The legislation delivered essential support to businesses facing crises, households in need, and the medical professionals on the front lines of this fight. The funds helped get vaccine shots in arms, while also confronting the damage done to our economy. All told, the *American Rescue Plan* is bringing billions of dollars to Maine, helping the state continue to push through this crisis and bounce back stronger than ever.

After passing the *American Rescue Plan*, Congress turned its attention to a longstanding but unfulfilled priority: infrastructure. Through hard work and compromise, both parties came together to pass a bipartisan bill that finally addresses key infrastructure needs. For Maine people, the bill means an estimated \$1.5 billion to repair crumbling roads and out-of-date bridges, \$390 million to improve access to clean drinking water, and more. I am most excited about the significant funding for broadband – because, as we have seen during the pandemic, broadband is a necessity to succeed in the 21st century economy. The historic investments in the bipartisan infrastructure bill, combined with additional funding I pushed for in the *American Rescue Plan*, will bring an estimated \$400 million for broadband home to Maine. These funds will be nothing short of transformational, creating new opportunities across our state.

These two bills have made and will continue to make a real difference for Maine people, helping to both address the challenges of COVID-19 and lay a foundation for long-term success. I am proud of what we've accomplished this year – but I know there is still a lot of work to do and that the road ahead is challenging. Even still, I am filled with optimism because I know the true nature of our citizens, though challenged, has not changed. Despite every hardship, people in towns and communities have stepped up with strong local leadership, a willingness to help, and a Maine 'neighborhood' spirit. It is why I truly believe we can and will get through anything together. Mary and I wish you a happy, healthy, and safe 2022.

Best Regards,
Angus S. King, Jr.
United States Senator

U.S. Senator Washington, DC

Dear Friends:

I am deeply honored to serve the people of Maine in the U.S. Senate, and I welcome this opportunity to share some of the areas I have been working on over the past year.

The ongoing COVID-19 pandemic continues to pose enormous challenges for our state and our country. When the pandemic began, I co-authored the Paycheck Protection Program that helped small businesses remain afloat and keep their employees paid. In Maine, our small businesses received more than 47,000 forgivable loans totaling \$3.2 billion. I also led efforts to provide relief for loggers, lobstermen, and bus companies.

In addition, I helped secure \$700 million to assist Maine's overwhelmed hospitals and nursing homes, and a new law I led prevented Medicare payment cuts to help further ease the financial strain on our hospitals. I also urged the CDC to update its recommendations so that our students and teachers could safely return to their classrooms, and I pressed the Administration to end the closure of the U.S.-Canada border.

While addressing the pandemic has been a major focus, I've also worked hard to ensure Maine's other needs are met. A group of 10 Senators, of which I was a part, negotiated the landmark bipartisan infrastructure bill that was signed into law in November. I co-authored the section of the bill that will provide Maine with as much as \$300 million to expand high-speed internet in rural and underserved areas.

Soaring inflation is another crisis, particularly when it comes to the cost of heating oil. I have strongly supported federal programs that help Maine families stay warm. In November, Maine was awarded \$35 million to help low-income Mainers pay their energy bills. And the bipartisan infrastructure bill included \$3.5 billion to help families make energy efficiency improvements that would permanently lower their heating costs.

As a senior member of the Appropriations Committee, I have supported investments in Maine's communities. This year's funding bills include \$265 million I championed for 106 projects across Maine. These projects would help create jobs, improve workforce training, address the opioid crisis, and increase access to childcare and health care services. In addition, I worked to reverse proposed cuts to our Navy in order to help protect America and keep the skilled workers at Bath Iron Works on the job. The bills also include \$475 million for the construction of a new dry dock at Maine's Portsmouth Naval Shipyard that will allow the Navy to continue to carry out its submarine missions. I will keep working to get these important bills enacted.

No one works harder than the people of Maine, and this year I honored that work ethic when I cast my 8,000th consecutive vote, becoming the only Senator in history to do so without ever having missed a roll call vote. The Lugar Center at Georgetown University once again ranked me as the most bipartisan Senator for the eighth year in a row.

In the New Year, I will keep working to solve problems and make life better for the people of Maine and America. May 2022 be a happy, healthy, and successful one for you, your family, and our state.

Sincerely,
Susan M. Collins
United States Senator

U.S. Representative

I hope this letter finds you well. It is an honor to represent you and your family during these challenging times, and I am thankful for the opportunity to update you on my work in Washington and Maine.

The COVID-19 pandemic continues to cause challenges for people in Maine and across the country. Please know that the health and safety of you and your loved ones, as well as the economic recovery of our communities, remains the driving force behind legislation I have pushed for in Congress.

In early 2021, Congress passed the American Rescue Plan, historic legislation that makes investments to crush the virus, create millions of jobs, provide direct relief to working families, and help schools remain safely open. Not only did this legislation give 90 percent of American households a stimulus check, but it also helped local and state governments better respond to the pandemic, put food on families' tables, got more vaccine shots into arms, cut child poverty in half through the expanded Child Tax Credit, and so much more. The American Rescue Plan is one of the most important pieces of legislation Congress will ever pass, and I'm so proud to have supported it from the beginning. You can read more about this piece of legislation here: <https://pingree.house.gov/covid>.

Our economic recovery from the pandemic will be accelerated even more thanks to the bipartisan Infrastructure Investment and Jobs Act, which Congress passed in November. This legislation marks the most expansive infrastructure investment since the construction of the interstate highway system. From funding to repair our aging roads, bridges, and ports to high-speed broadband expansion and legacy pollution clean-up, this law is a once-in-a-generation investment in our future.

In addition to working on COVID-19 relief legislation, my Congressional colleagues and I are also collaborating on legislation that addresses the climate crisis, supports voting rights, and—through my role on the House Appropriations Committee—supports programs important to Maine.

After seven years on the House Appropriations Committee, I took the gavel and lead the subcommittee that oversees discretionary spending for the Department of the Interior, the Environmental Protection Agency, US Forest Service, and several agencies related to the arts and humanities. In my new role as Chair, I have fought to secure significant funding for Maine's tribes, environmental preservation programs, our cultural economy, and our forests.

I will keep pushing legislation to support America's long-term care needs, lower prescription drug costs, expand Medicare benefits, cut taxes for working people, make our workforce competitive with the world, and fight climate change.

So, as we reflect on 2021, let us welcome 2022 with a renewed sense of optimism. There is a lot to fight for, and I assure you I will continue to fight for Maine in Congress. I want you to know that my staff and I are doing all we can to support Mainers through this public health crisis and all the challenges that come with it. If you are unsure of the resources available to you, are having difficulty accessing resources, or if you'd just like to share a thought or opinion, please do not hesitate to reach out.

Sincerely,
Chellie Pingree
Member of Congress
